The National Coordination Unit (Romanian Ministry of Finance) ensures the overall coordination of the 11 Programmes financed by the second Swiss Contribution to Romania

The Swiss Contribution Office, integrated to the Embassy of Switzerland in Romania, ensures smooth communication between the actors in the two countries and supports both programming and implementation of the 11 programmes

The Swiss Agency for Development and Cooperation is financing the Health Programme in Romania

HOW DOES THE HEALTH PROGRAMME WORK?

1

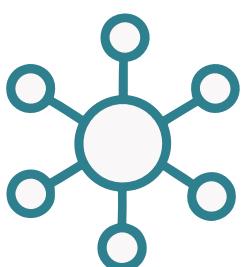

This initiative aims at the establishment and the consolidation of the cross-sectoral collaboration and practices to (drug) addiction prevention and treatment in Romania.

2

In addition, it aims at increasing awareness, knowledge and health literacy on addiction among children and adolescents, including care-givers and service providers.

3

Through this Programme, the skills and competencies of different professionals will be enhanced as well as technical capacities of Mental Health Centres at large for addiction prevention and treatment. The Health Programme is under the direct responsibility of the National Center of Mental Health and Fight Against Drugs, known as CNSMLA, acting as the Programme Component Operator, in partnership with UNICEF Romania.
